PRESS RELEASE

**Successful landing of Chandrayaan-3 on South pole of Lunar Surface: India's Triumph,
Kuwait Extends Congratulations**

In a historic achievement for India's space exploration program, the Indian Space Research Organisation (ISRO) successfully landed Chandrayaan-3, the nation's third lunar mission, on the surface of the Moon. This remarkable accomplishment further solidifies India's position as a global leader in space technology and exploration. India is the only country in the world having demonstrated landing on the south Pole of the Moon.

2. Chandrayaan-3, the latest instalment in India's prestigious lunar exploration series, demonstrated exceptional precision and technological prowess, touching down on the lunar surface with unmatched accuracy. The mission's success is a testament to the hard work, dedication, and ingenuity of ISRO's scientists, engineers, and the entire team behind this ambitious project.

3. Key Achievements of Chandrayaan-3:

- Precise Soft Landing: Chandrayaan-3's landing module executed a flawless soft landing on the lunar surface, marking another significant step forward in India's lunar exploration efforts.
- Scientific Discovery: The mission carries a suite of advanced scientific instruments that will allow researchers to conduct a comprehensive study of the Moon's geology, surface composition, and other vital aspects.
- Technological Advancements: Chandrayaan-3 showcases cutting-edge technologies developed indigenously by ISRO, demonstrating India's prowess in space technology innovation.

4. India's success has been lauded by the world community including Kuwaiti leadership. The Kuwaiti leadership extended their warmest congratulations to the Indian government and ISRO on the successful soft landing of Chandrayaan-3. His Highness the Amir Sheikh Nawaf Al-Ahmad Al-Jaber Al-Sabah, His Highness the Crown Prince Sheikh Mishal Al-Ahmad Al-Jaber Al-Sabah and His Highness the Prime Minister Sheikh Ahmad Nawaf Al-Ahmad Al-Sabah sent congratulatory messages to Prime Minister of India HE Narendra Modi on this occasion and wished success for future endeavours. Speaker of the National Assembly, Ahmed Abdulaziz Al-Saadoun, today sent two cables of congratulations to the Speaker of the Rajya Sabha of the Republic of India, Jagdip Dhankar, and to the Speaker of the Lok Sabha, Om Birla.

5. Hon'ble Minister of State for External Affairs and Parliamentary Affairs HE Shri V. Muraleedharan witnessed this momentous success of ISRO with Indian Community members during his visit to Kuwait from 23-24 August 2023.

6. The successful Chandrayaan-3 mission exemplifies India's relentless pursuit of excellence in space exploration and its dedication to contributing to the global scientific community. The achievement marks a significant milestone in India's journey towards unraveling the mysteries of the cosmos and fostering international cooperation in the realm of space.
